What will be good news to the people of the county especially, was received hy Postmaster Thomas Davis in a com unication from the office of the first assistant postmaster general, instruct-ing him to establish three rural delivery routes in Weber county, to commence Dec. 1, 1902, with three carriers at

The carriers will be required to make trip around their route each day aroughout the year excepting Sundays. They will carry a supply of postage stamps, postal cards, and stamped envelopes and may act as agents for the ple wanting to send money order They will leave the postoffice at Ogder every morning at 9:45 and return to the same place at 6:30 p. m. The carriers will not be permitted to act as solicitors, agents or salesmen for any busi-ness, but may, if they choose, carry any express packages, etc., and may act as agents for newspaper publishers and

accept and collect subscriptions.

The people along the routes will be expected to place iron mail boxes in front of their homes in a convenient piace so that the carrier can drop their mail in the box, and the carriers will keep a strict account of the number of pieces of mail delivered and received, Upon the establishment of the rural delivery routes, the postoffice at Slater ville, Farr West, Harrisville, Wilson

and West Weber will be closed. The three routes established are as Route No. 1 begins at the postoffice and goes west six miles; thence north-westerly to county limits, then the route proceeds to Wilson, West Weber and Garland. William Witten of the Mound Fort ward has been called on a mission to Colorado. A dance will be given in his honor in the Mound Fort ward hall Wednesday evening, Nov. 19. Cancerous

At first have nothing about them to indicate their true nature. They look like ordinary sores and are usually treated as such, some simple salve, wash or powder being used in the hope of drying them up and stopping the discharge; but while the place may temporarily scab over, it again inflames and festers, becoming as bad or worse than ever. After awhile the deadly poison begins to eat into the surrounding flesh and the sore spreads with frightful rapidity. Then the sharp shooting pains, which distinguish the cancerous from the common ulcer, are felt, and the unfortunate patient is brought face to face with the most dreaded of all maladies, a cancerous ulcer.

Whenever an ulcer of any kind is slow in healing it should be closely watched, particularly if there is an inherited prelisposition to cancer. Often times a malignant, stubborn ulcer starts from a boil, wart, mole, bruise, blister or pimple, for when the blood is tainted and the germs and seeds of cancer are implanted in the system, you cannot tell when nor where the deadly poison is going to break out. S. S. S. cures these cancerous ulcers and

chronic sores, by driving out of the system all the morbid and unhealthy matter that keeps the ulcer irritated and discharging. It purifies and strengthens the blood

enabling it to throw off the germs and poisons, thus checking the further formation of cancer cells, and when all impurities have been removed from the removed from the blood and system the ulcer heals naturally and permanently.

All ulcers, even the smallest, should be looked upon with suspicion and treated promptly before they become cancerous. S. S. S. is a purely Vegetable remedy, a perfect blood purifier, and an invigorating tonic. Write for our free book on Cancer. The Swift Specific Co., Atlanta, Ga.

Utah Sugar Company Turns Out 3,380 Bags Of Sugar in 24 Hours.

In Two Days the Output Was 6,050 Sacks of 100 Pounds Each-Political Rallies.

Special Correspondence. Lehi, Utah Co., Nov. 4.-In the 24 hours ending yesterday the Lehi Sugar factory sacked 380 bags of white granulated sugar, and in 48 hours 6,050 bags were made. This is the greatest record ever made in the history of the Utah Sugar company. While the factory is runing very smoothly, and under the superintendency of James H. Gardner. this great output is due mostly to the high quality of the sugar beets which have accumulated a great amount of saccharine matter. Up to date about 10,000,000 pounds of sugar has been made and about one-half of the yield of beets has been sliced. The farmers are very busy throughout all the beet growing districts in getting in the crop before storms set it and while the Utah Sugar company has done everything in its power to assist them in securing the requsite number of cars for shipping beets it is very difficult to get a suffi-

Acts Gently: Acts Pleasantly: Acts Beneficially: Acts truly as a Laxative. Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are ortained from an excellent combination or plants known to be medicinally laxative and to act most beneficially.
